

## 01 - Savannah Slatted Bathboard

Made with smooth, reinforced plastic slats the Savannah Bathboard provides a strong comfortable, quick draining design. The Slats are fully sealed against the ingress of water and all fittings are stainless steel, giving a corrosion resistant bathboard. The brackets include a serrated face and rubber buffers to help secure the board in place. The bracket may also be angled to position the board further back into the bath. Rubber pads under the slats help prevent the bathboard slipping on the rim of the bath. Width 232 mm (9 1/4").

Spares are available for this product, making it suitable for refurbishment

	Length	Weight
Ref. AA1091A	660mm (26")	2kg
Ref. AA1091D	686mm (27")	2.07kg
